# Pool Liners

Your Best Choice

# Beautify your swimming pool with a professional pool liner certain to transform your pool into a spectacular backyard showcase.

## Why Merlin is Your Best Choice:

The Merlin name is your assurance of a professional product – the best value for your investment to be found anywhere. Our products are your best choice because they are better designed to meet your needs ... better manufactured with better materials to withstand the elements ... and better supported over their lifetime. It's more than a claim; it's a mission that inspires everyone in our company to perform to the highest possible standards. After all, isn't your family and investment worth it?

## Professionally-designed. Beautifully varied.

Appearance and quality construction come together beautifully in a Merlin pool liner. It all begins with the design; many of our patterns are Merlin "signatures," developed in collaboration with professional designers whose creations reflect the latest home décor and color trends. The result is a liner certain to make your pool the centerpiece of your backyard.

Oahu Tile, Blue Pebble Bottom Shown

As varied as they are attractive, Merlin liners are available in both 27 mil and 20 mil thicknesses of 100% virgin vinyl – including our Value Max liners, which offers 27 mil thickness at 20 mil prices! All our vinyls provide extra U.V. and antibacterial protection to look better, longer.

Jamaica Tile Shown

Merlin also offers steel drop-in steps for pools originally built without steps. Ask your dealer for more information.

## The Best Fitting Liners in the Business.

Merlin pool liners are custom-designed for your pool to provide the best possible fit and durability. Each liner is CAD-designed and custom manufactured to accommodate steps, angles, objects and unique configurations.

## SilkSeam

Merlin even has your seams covered. Our SilkSeam process creates a flat seam that's easy on your feet and less likely to catch sediment and debris.

## Tex-Step

To add texture and durability, use optional Tex-Step material for your vinyl covered stairs. Available in solid Blue, solid White, Blue Lagoon and Blue Pebble.

\*Pattern color of step material will vary from liner pattern color due to texture. Tex-Step up charge applies.

# Your Best Choice

## Aqua MAX Liners From Merlin Industries, Inc.

### Upgrade to Aqua-Max vinyl, truly different, truly better!

For years pool owners have been looking for a better pool liner only to be told that all they can get is a thicker vinyl liner. Higher gauge liners are still subjected to the same Ultraviolet, Chemical and Heat damage as standard 20 mil liners. Now, new from Merlin Industries, Inc. comes Aqua-Max vinyl liners!

Aqua-Max liners are specially formulated to provide far greater Ultraviolet resistance and far greater resistance to today's pool chemical systems and occasional chemical misuse. Aqua-Max vinyl also contains over twice as much anti-fungal and anti-bacterial protection than standard vinyl liners.

**Aqua-Max vinyl liners are truly a better vinyl liner.** Demand an Aqua-Max vinyl liner, only from Merlin!

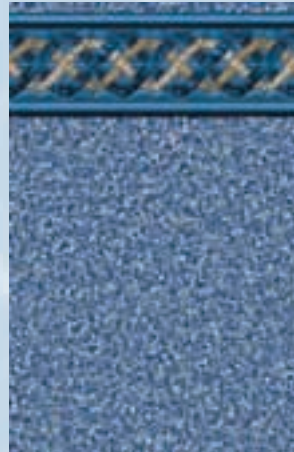

## MERLIN Vinyl Liners

Colors may differ slightly from samples shown. See your Merlin dealer for actual vinyl samples. Aqua-Max liners are 20 mil. Additional charges apply for Aqua-Max liners.

## Custom-Made

Merlin manufactures all of its liners to the exact specifications of your pool, making sure your liner fits perfectly every time. Merlin's quality control keeps production tolerances to a minimum, which means your liner fits better and lasts longer.

## Quality

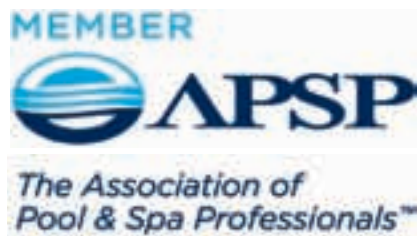

All Merlin liners are made of 100% Virgin Vinyl, formulated and treated for extra ultraviolet protection, and conditioned with antibacterial agents to keep your liner looking better, longer.

## Efficient Production

Merlin's production process is computer controlled, allowing us to give precise tolerances and accurate ship dates. Merlin's "On Time, Every Time" delivery policy ensures you that your liner will be ready when you are.

Our Drafting and Design Department electronically transfers AutoCad liner design specifications to a state-of-the-art Eastman Technologies M9000 Cutting Tables for a perfect fit every time.
